Percentage: 61-80%

SKILLS

- Object-oriented Programming
- Data Structure & Algorithms
- Web Development
- Database Management System
- Operating System
- Computer Network and Security

- **Programming Languages**
C, C++, SQL

CERTIFICATIONS

- Data Structure and Algorithms - Codehelp
- Web Development Bootcamp - Codehelp
- MySQL - Udemy

HOBBIES

- Playing cricket

PROFESSIONAL EXPERIENCE

Web Development and Designing Intern

OASIS INFOBYTE

Jan 2023 – Feb 2023

- Led the design and development of front-end components for a food ordering website using React, thereby creating an engaging and user-friendly online ordering experience.
- Effectively emulated the Razorpay payment gateway and crafted a Google Pixel-inspired website, demonstrating proficiency in HTML, Tailwind CSS, and JavaScript for robust front-end development.

FREELANCING PROJECTS

Portfolio Websites

- Designed and developed portfolios for my college friends using HTML, CSS and JavaScript.

PERSONAL PROJECTS

Cara | Cloths E-commerce Site

- Implemented user-friendly navigation, dynamic content updates, and features like "add to cart" and "remove from cart" for an optimal user experience.
- Ensured seamless interface across browsers through rigorous testing and meticulous attention to cross-browser compatibility.

Sneakers | Shoes E-commerce Site

- Designed and developed fully responsive and interactive site for better user experience.
- Implemented Git for version control, fostering efficient collaboration and enabling streamlined project management.
